Refinish Price List

Effective April 11, 2025

The following list of prices supercedes all previous price lists and quotations which may conflict with prices quoted herein. These prices are suggested prices and are subject to such future revisions as may be necessary without notice. Orders accepted subject to delivery when merchandise is available and at seller's prices in effect at time of shipment.

Use the "print" icon to print a section or the entire book

BACKORDER POLICY:

BASF will make every effort to provide products when available, however, when items are not available customers can request items to be canceled or shipped with their next order.

FREIGHT POLICY (F.O.B.):

BASF will ship prepaid orders of \$7500 or more of any combination of products from current BASF Automotive Refinish price lists . If the order is under \$7500, the Customer Service Rep will attempt to contact the customer with the option to increase.

Case Order Quantity Policy

All containers greater than 3.0 liters in size are available in full case quantities only. Tint bases are excluded from this policy and can still be ordered in single units regardless of container size. For R-M, the products excluded from this policy are products that begin with HB, BC, CB, SC and SCB. Aerosols are also excluded, and must be ordered in case quantities only. Tinting bases are products that contain pigment and give color to the substrate. Reducers, mixing clears, and auxiliary products that start with HB, BC, CB, SC, and SCB are not tint bases.
